

Capture the Beauty of Wild Horses with Our Photography Tour

Are you a photographer at heart who dreams of capturing the beauty of wild horses through your lens?

If yes, then you're not alone! Join my photography tour designed to make your dream a reality. We'll travel through the backroads of Alberta, starting from Cochrane and passing by Water Valley, Sundre, Caroline, and staying in Nordegg. My tour will take you where the wild horses roam free without fences, and where you can witness their unbridled spirit and energy. Our itinerary is flexible, allowing us to follow the horses wherever they go. We'll spend time photographing each herd we find, and we'll take our time to capture the shot. Groups are limited to 3 photographers. Apart from the 7:30 am pick-up time, we'll design our schedule according to the day's sightings and opportunities.

As we photograph the wild horses, we'll slowly make our way to Nordegg, where we'll spend the night. Here, we'll have time to go over Lightroom and Photoshop skills for basic post-production. We'll enjoy a pub fare meal next door and rise at your convenience the next day for more wild horse photography. We'll drive South, arriving in Calgary for a 4 pm Good-Bye. Along the way, we'll have opportunities to capture more images as we see wild horses and enjoy one more lunch in the beautiful foothills of the Rockies. Trust me, this will be an incredible experience.

**we may be lucky to witness other wildlife such as bighorn sheep and black bears.

Cost \$1000 (\$200 Deposit)
